General information

The **EMC Europe 2016** continues the tradition of the oldest regular European Symposia on EMC conducted in Wroclaw (since 1972) and Zurich as well as European Symposia organized since 1994 in Rome, Brugge, Sorrento, Eindhoven, Barcelona and Hamburg, which were running every second year. That International EMC conference organized in Europe had been merged in 2010 into EMC Europe, which is organized annually in one of a European city.

EMC Europe 2016 Wroclaw will be composed of 5-day oral and poster presentations, workshops, tutorials, special sessions, short-courses, industrial forum and exhibits.

The **EMC Europe 2016 symposium** will take place on the main campus of Wroclaw University of Technology, located in Wroclaw city center. Wroclaw is situated on south-west part of Poland on the Odra river. Due to four river location and number of islands Wroclaw is often called a „city of bridges”. Wroclaw is European Capital of Culture 2016.
